

PROTOCOL

12th Meeting of Technical Committee 1.11

«Time and Frequency»

Gebze, Turkey, 10-11 October 2019

1. Current COOMET «Time and Frequency» projects

The current status of COOMET topics was reviewed.

Resolutions:

- To study the issue of comparisons on fiber-optic communication lines.
- To work out the issue of comparing the results of measurements of delays in cables.

2. 605/RU/13 Comparison of time scales of NTP-servers via INTERNET

The Chairperson of TC 1.11 presented the results of the comparison of countries participating in the project.

Resolutions:

- Recommend the laboratory of Bosnia and Herzegovina as a member of the topic as soon as ready.
- To prepare for joint publication the results of comparisons in cooperation with laboratories of the participating countries.

3. 398/RU/07 Comparisons of the National Standards of Time and Frequency with RF scale UTC(SU)

Resolutions:

- To consider it appropriate to publish the results of comparisons of national standards in an international peer-reviewed journal.

4. CMCs creation and reviewing

A satisfactory status of SMS examinations over the past period was noted.

Resolutions:

- Timely update changes to SMS lines.
- Carry out an SMS analysis of the National Metrological Institute of Moldova.

5. Organization questions

Resolutions:

- include in the composition of TC 1.11 A.S. Volynets (BelGIM);
- include in the composition of TC 1.11 O. Shibonich (IMBIH);
- include in the composition of TC 1.11 S.B. Smagulov (KazInMetr);
- include in the composition of TC 1.11 V.V. Soldatova (NSC "Institute of Metrology").

6. Next meeting

Resolutions:

- The 13th meeting in 2020 to be held in October after the approval of the venue.
- Notification of members of the TC about the dates and venue of the meeting should be carried out no later than 3 months.

Chairman of TC 1.11 V. Palchikov

Executive Secretary of TC 1.11 A. Zharikov
