PROTOCOL

14th COOMET Technical Committee meeting

TC 1.4 "Flow measurement"

14th meeting of TC 1.4 "Flow measurement", September 7, 2017 Kazan, Russia. 13 participants took part in the meeting, members of TC 1.4, invited experts and speakers.

LIST OF PARTICIPANTS

Country	**Name and Surname, NMI, COOMET status**	
Belarus	1.	Bardonov A.V., BelGIM, member of TC 1.4
Germany	2.	Bodo Mikan, Federal Institute of physics and technology (PTB), member of TC 1.4
Kazakhstan	3.	Davletyarov Nurlan - ZKF RGP "KazInMetr", member of TC 1.4
MOLDOVA	4.	Grushka Viktor N., National Institute of Metrology (NIM), member of TC 1.4
RUSSIA	5.	Fafurin Victor Andreevich, FGUP "VNIIR" , the acting Chairperson TC 1.4
	6.	Gorchev Alexander I, FGUP "VNIIR"
	7.	Isaev Ilya A., FGUP "VNIIR"
	8.	Mingaleev Aydar V., FGUP "VNIIR"
	9.	Tukhvatullin Albert, FGUP "VNIIR"
	10.	Khakimov Damir R, FGUP "VNIIR". Executive secretary of TC 1.4
UZBEKISTAN	11.	Usmanov Bobur A., SE "TsOMU" "Uzstandart"
	12.	Alimov Azamat C, Navoi "TsIS"
The UKRAINE	13.	Narodnitsky Gennady, NSC "Institute of Metrology", member of TC 1.4
CZECH REPUBLIC	14.	Benkova Miroslava, Czech Metrology Institute
	15.	Tomash Valenta, Czech Metrology Institute

RESULTS OF THE MEETING

1. LISTENED:

Information message about the program meeting of TC 1.4 "Flow measurement" COOMET.

Speaker – V. A. Fafurin.

2. LISTENED:

Information message about Russia-China-Germany comparisons and new CMC entries FGUP «VNIIR» in CIPM MRA

Speaker - I.A. Isaev

DECIDED:

2.1. To approve

3. LISTENED:

Information message about progress report on comparisons COOMET 680/RU/16 "Comparisons of national standards in the field of gas flow and volume in the range of flow rates from 20 to 6,500 m^3/h".

Speaker - A.V. Mingaleev

DECIDED:

3.1. To indicate the connection requirements and measurement conditions in the technical protocol

3.2. Countries participating in comparisons should send proposals on stay duration of transfer standards in the territory of their countries

3.3. Countries participating in comparisons should implement the requirements of the technical protocol on their national standards.

4. LISTENED

Information message about progress report on comparisons of national standards of fluid flow

DECIDED

4.1 FGUP "VNIIR" should open a new COOMET topic on comparisons of national standards of liquid flow, using standards of Russia as transfer-standards.

4.2. Organizations-members of TC 1.4 should take an active part in the comparisons of national standards of fluid flow.

5. LISTENED

Information message on the revision and updating members of TC 1.4 «Flow measurement»

DECIDED

5.1 To review TC 1.4 members and update the information on COOMET website.

6. LISTENED

The information message on participation of TC 1.4 organizations - members in comparisons of bell provers within EUROMET
