The AGENDA of
the 25th Meeting of COOMET TC 1.6 Mass and related quantities
06th October, 2020
(online mode)

Time*	Event	Spiker
9-40 – 10-00	Checking of connection	
10-00 – 12-00	Greeting of participants. Agreement of an agenda	Kolozinska I., TC chair
	Seminar «The new definition of the kilogram and its impact to the mass metrology»	
	Presentation “Fundamental constant from the point of view of fundamental physics	Surzhykov A., PTB, Germany
	Presentation «Mass measurements traceability in the new SI»	Medina N., CEM, Spain
	Presentation «Impact of the new definition of the kilogram on NMIs and the BIPM»	Stock M., BIPM, France
12-00 – 13-00	Break	
13-00 – 15-00	Presentation «Strategy of the COOMET»	Lyahova N., BelGIM, Republic of Belarus
	Information about projects 767/GE-a/18 (COOMET.M.FF-S8), 766/GE/18 (COOMET.M.FF-S7), 719/GE/17	Rurua I., GeoSTM, Georgia
	Information about projects 614/KG/13	Kotova Ek., NISM, Kyrgyzstan
	Presentation of comparison results in the density field (project 555/AZ-a/12 (COOMET.M.D-S1)	Domostroev A., VNIIM, Russia
	Presentation of comparison results in the hardness measurement field (Super-Rockwell) (project 638/UA-a/14 (COOMET.M.H-S3)	Skliarov V., NSC IM, Ukraine
	Discussing of current and proposal projects	All participants
	Summing up the results of the meeting, determining the place and time of the next meeting. Closing of the meeting.	Kolozinska I., TC chair
